## LIBRARY REPORT

As most of you know, our town's well-loved librarian Thelma Smith passed away in August, 1989. She devoted many years of dedicated service to our little library. Efforts by the Trustees, selectmen, Mildred Bacon and others have since kept the library functioning.

On June 18, 1990 I was appointed library director. After getting somewhat "caught up" with the work, I started a pre-school story time for the summer. At least nine children attended each week and became new borrowers of library books. Library hours were changed from Saturday afternoon to Monday evening, 7-8 P.M. to coincide with town office hours.

In October I began opening the library on Thursdays from 11 A.M. to 12 noon. The response has been overwhelming with students and parents from the Milan-Dummer Preschool visiting the library after school hours. 125 adult books, 186 children's books, and seven reference books were checked out of the library in 1990.

We have an outreach program and will deliver books to anyone who is unable to come to the library-shut-ins, parents of young children, etc., including West Dummer and Pontook area. We have been given many books and magazines, as well as a set of reference books, for which I thank the donors. I want to express my appreciation to all those who have helped with the library projects. I plan to attend meetings of the New Hampshire State Library in Twin Mountain so that I may learn better ways of utilizing our library facilities. I encourage you to come to the library on Monday evenings 7-8 P.M. Thursdays from 11 A.M. to 12 noon, or call me at 449-2273. I welcome suggestions on ways to make the library of more use to you.

Respectfully submitted,

Donna Campbell  
Jan. 14, 1991

P.S. The library is located in the basement of the Town Hall!

## **NORTH COUNTRY COUNCIL, INC. ANNUAL REPORT**

North Country Council is the non-profit regional planning commission serving 51 towns in northern New Hampshire. The Council's primary mission is to meet the planning and development needs of its member towns. Specific assistance presently available from the North Country Council includes municipal planning, economic development, community development, solid waste, transportation, water management, GIS mapping and resource management. When requested, the Council provides professional guidance and assistance to Boards of Selectmen, Planning Boards, Zoning Boards of Adjustment, Conservation Commissions and Solid Waste Districts in member communities.

Assistance provided to the Town of Dummer in 1990 included:

- Attending Planning Board meeting to assist with a natural resource inventory;
- Providing clerical assistance by updating and printing subdivision regulations.

In 1990, the Council also provided a variety of services on a regional level. For example, workshops were held informing local officials of excavation site requirements, innovative zoning, shoreline protection, rivers management and cultural resources. The Council worked closely with economic development committees throughout the region. The Council's very active Transportation Committee focused on local and regional highway, air and rail issues. NCC's Solid Waste Coordinator continued to advocate regional solid waste management while working with five area solid waste districts.

In the ensuing year North Country Council's work program emphasizes community and economic development at the subregional and local level, while continuing the existing focus in solid waste and transportation. Under the leadership of our newly-hired Executive Director, Preston S. Gilbert, NCC is fully committed to providing timely service to its member towns..

**ANDROSCOGGIN VALLEY  
MENTAL HEALTH CENTER**

January 3, 1991

Chairman and Members of the Board  
Dummer Board of Selectmen  
R.F.D.# 1 Hill Road  
Milan, New Hampshire 03588

Dear Mr. Chairman and Members of the Board:

The Androscoggin Valley Mental Health and Developmental Services Advisory Council respectfully requests that the Town of Dummer continue its support of this agency through an appropriation in the amount of \$352.00 at the 1991 Town Meeting. This amount represents a \$1.00 per capita contribution based on figures from the most recent New Hampshire population listing. These funds will be used exclusively for the support of outpatient services provided through Androscoggin Valley Mental Health Center.

Over the past 24 years this agency has provided mental health services to hundreds of people living, working, raising families and going to school in the Androscoggin Valley area. Outpatient mental health services are not funded by state or federal dollars. They are expected to support themselves through client fees, third-party insurance payments, and through local support such as contributions from Towns, cities and the United Way. In order to make these services affordable to all persons in need of them, fees are adjusted according to the recipient's ability to pay. Your present and past appropriations have enabled us to follow this practice and your support this year will assure its continuance. We see these services as the backbone of our community's mental health efforts and as essential in the prevention of more serious emotional, social and community problems.

I fully appreciate the financial pressures on local governments at this time. Many of the conditions responsible for these pressures have also resulted in a significant increase in persons seeking our services. We need your ongoing assistance to continue to provide your citizens with the care they are seeking. Please advise me as to what, if any additional steps I need to take to insure that this item appears in the Warrant.

I would be happy to come before you and/or the Budget committee to more fully discuss this request and to respond to any questions that you might have regarding it and the services provided by the agency.

On behalf of the Dummer residents we serve, I thank you in advance for your consideration of this request.

Sincerely,

Arthur A Froburg  
Area Director

## MILAN HOME NURSING CENTER 1990 REPORT

Milan Home Nursing Center services the Milan and Dummer community. Health Services are provided to residents in their home and to home bound residents. A RN assesses the need for care plans and implements delivery of care required. A total of 227 skilled visits were made these visits included

Cardiac	78	Gastro-Intestinal	1
Cancer	10	Orthropedic	4
Blood Dyscrasias	45	Adult Health	58
Respiratory	11	Short Term Visits	19
Blood Work	1		

Skilled Nursing visits include patient assessments, dressing changes, suture removal, mental health, irrigation, colostomy care blood pressure check, injections, cathater changes, health teaching, blood work on home bound residents under orders from a physician. Although services are available to all age groups, the majority of clients are the elderly whose medical problems indicate the need for the Agency Services in your communities, A small fee is requested for visits made, determined on a sliding scale based on the clients income. No one is denied service if unable to pay. New born babies and mothers receive a free initial visit when a referral requesting a RN visit is signed by the mother prior to discharge from the hospital. Community referral initial visit there is no charge. Elderly in the community wishing a yearly visit from the nurse may call for appointment there is no charge. A yearly Blood pressure clinic is held prior to the Town Meeting. This year a total of 34 blood pressures were taken. A special thank you is extended to Pat Bennett who volunteered her assistance at this clinic. A blood pressure clinic was held Dec. 13TH at the Christmas supper for seniors of Milan and Dummer residents. A total of 24 blood pressures were taken. A special thank you for Pat Bennett who volunteered her assistance. Milan Home Nursing Center has an agreement with Androscoggin Valley Home Care Services based on a RN referral from the Center to provide Home Health Aide or Home Makers Services when needed. Care is available to all that are in need of the Service. Guide lines have been established making many elderly eligible. This Service is also available through the N.H. Division of the Elderly and Adult Services. This past year 240 home health aide visits were made. Respite Services are also available for Alzhiemers and related dementias in need of their services. Please call for information and referrals.

Referrals for Services needed from Milan Home Nursing Center are received from physicians, hospitals, service agencies the community and family members requesting services. Residents from Milan- Dummer in need of services please call Gloria Hedberg RN 449-3447 or Muriel Lindsay 449-3327 in my absence and she will refer to the RN who is on call in my absence.

Milan Home Nursing Center is approved to be licensed by the State of N.H. Department of Health and Human Services of Public Health Services to be licensed in providing Home Health Care Services.

A Home Hospice volunteers group of RN's has been formed to serve Milan-Dummer, residents if there is a need.

A special thank you Elaine Perreault as our secretary, to our Directors and Volunteer Board Members for their assistance and support.

Respectfully Submitted,

Gloria Hedberg RN

## TRI-COUNTY COMMUNITY ACTION 1990 ANNUAL OUTREACH REPORT

Outreach is the field services arm of the Tri-County Community Action Program. The purpose of this program is to assist low-income elderly and handicapped persons to solve individual problems and meet their needs through individual and/or group self-help efforts. Outreach Coordinators accomplish this purpose by providing information, referrals, guidance, organizational assistance, individual counseling and be effectively linking and utilizing community resources.

This program operates primarily during the spring and summer months. Last summer, the following numbers of people were served by the CAP Outreach Program in Berlin

## 1990 OUTREACH REPORT

Because of you support and that of other surrounding towns, we were able to keep our Berlin Outreach Office open last summer. As a result, we were also able to leverage the following funds and/or provide the following services or products to the low-income people of your area:

## FUNDS OR PRODUCTS PROVIDED

FEMA (Emergency food and shelter)	<u>\$ 620.00</u>
USDA (Food products distributed retail value)	<u>\$ 1,125.00</u>
Emergency Food Pantry Assistance	<u>200.00</u>
Homeless- Emergency Food and /or Shelter	<u>350.00</u>
Volunteer Hours @ 3.80/Hour	<u></u>
TOTAL	<u>2,295.00</u>

Please note that these funds are in addition to the approximately \$4,000.00 Community Services Block Grant matching funds that are applied to each Outreach Coordinator's salary and other local office expenses. Your financial support is needed to insure the availability of these dollars for local use and help in your community.

**M & D AMBULANCE SERVICE**  
**1990 ANNUAL REPORT**  
**\*449-2001**

•Please note our new telephone number for Milan Emergency Services: Police, Fire and Ambulance. This change took place looking to the future-the present system will allow us to answer our own emergency calls if necessary in the event of a major incident or mechanical failure between Milan and our dispatch in Gorham.

The Ambulance Service, as a result of the 1989-90 AFA/FR Course held in Milan, gained eight attendants. However, we've lost five attendants due to some leaving our area, pregnancies (someday they'll figure out why), etc. Consequently, this was a small, but beneficial gain. We as a volunteer service are experiencing the increasing turmoil of being available when you need us due to a lack of attendants. For you to depend on us, we have to also depend on you..

To further advance our level of care, the Berlin, Gorham, Milan and Dummer Ambulance Services have pursued and gained protocol with Androscoggin Valley Hospital for cardiac defibrillation as part of our standard service. Unfortunately, these machines are not inexpensive-approximately \$7,500.00 each. But, if at some time we save one life, the money will have been more than well spent.

Of the newest attendants, four are soon to become EMT's on completion of their present course, and one has already achieved EMT Status. Thanks to all of the attendants for their efforts to help others and for performing this valuable service for; your community.

## THE ANDROSCOGGIN VALLEY REGIONAL REFUSE DISPOSAL DISTRICT

The Androscoggin Valley Regional Refuse Disposal District was very busy and productive during 1990. After unanimous Town Meeting approval, the seven member communities (Berlin, Gorham, Milan, Dummer, Randolph, Stark, and Northumberland) the District organized as a legal entity under RSA53-B. The District expanded to eight regional communities in November with the addition of Jefferson.

The District's primary objectives during 1990 were to (1) site, plan and develop permits for a regional recycling facility and 2) negotiate a long-term disposal agreement with James River for use of the Mount Carberry Landfill. In an effort to evaluate suitable sites for recycling, the District established a Facility Siting Subcommittee. After determining that there were no existing buildings suitable for use as a recycling facility, the District evaluated five potential pieces of land. Based upon careful investigation and a preliminary hydrogeological investigation, a site owned by James River Corporation on Rt 110 in Berlin selected. The District prepared an 11.6 acre subdivision of a site owned by James River Corporation. After completion two appraisals of the site a price was determined. The parcel should be owned by the District by Town Meeting in 1991. The permit application for the facility will be completed in January and the District intends to open the recycling center in July, 1991.

The District hired a lawyer from Laconia, Dan Crean, to review the proposed contract received from James River in October of 1989. With assistance from Attorney Crean the District drafted a revised contract. These revisions were sent to James River in November, 1990. The District is presently awaiting a response. Based on the information provided by James River, the District has budgeted \$18.19/ton for the second half of the year. The cost per ton is less than half the price estimated by James River in 1989.

An Education Subcommittee was also established in 1990. A representative from each of the communities sits on the committee. The committee is initiating a slogan contest in the schools for the coming year. The committee will be expanding the existing school curriculum published by the Cooperative Extension to include all grades and is encouraging local school boards to adopt the program. The committee has also prepared an education brochure which was inserted in local papers and should be available with Town Reports.

The District opened its first office at 119 Main Street, Berlin. Upon completion of the recycling facility the office will be moved to that location. The District meets regularly on the last Thursday of the month at 6:00 PM in the office. For more information on District activity please contact your local representative or Terry Block at the Berlin City Hall.

\* All or part of the total amount under the starred items are required by law to be raised as determined by the proper authorities. The District determines the salaries of the District Officers. The School Administrative Unit No. 20 decides the Superintendent's salary for 1991-92 as follows: Dummer, \$1,922.22; Errol, \$5,101.52; Gorham, \$38,804.53; Milan, \$9,385.34; Randolph, \$2,794.85; Shelburne, \$3,014.54. The Teacher's Retirement and the State Employee's Retirement assess the amount of the Superintendent's retirement and other District employees that belong to the system. In those towns that are under Social Security, the amount to be paid by the District is established by law. All Districts are required by law to provide Unemployment Compensation and Workmen's Compensation.

## REPORT OF SUPERINTENDENT OF SCHOOLS

TO THE CITIZENS OF THE DUMMER SCHOOL DISTRICT:

The many changes predicted for the decade of the 90's have begun. National testing and a national curriculum are well underway. School choice is beginning to surface in N.H. and is being pushed on the national agenda. New England wide certification of teachers is a reality and the trend away from local control of our schools has begun and most probably will accelerate as we move toward the second half of the decade. In my judgment some of the changes taking place do not bode well for public education.

### AREA Agreement With Berlin

Since the change in leadership in the City of Berlin we have experienced an attempt by the Mayor and Council to change the tuition formula in place for the past 20 years. The change would result in an increase in our tuition rates and an additional cost this year to send our children to Berlin. The Berlin School Board and the Dummer School Board are together in their opposition to what the Mayor & Council are attempting to do. Based on legal opinions available to us and a similar case in Exeter, N.H. I have every reason to believe we will be successful in preventing the Mayor & Council from making a change unilaterally without the approval of the people in Dummer. I am hopeful, therefore, that the matter will be finally resolved late this spring and the Mayor & Council will find another way to increase revenues in Berlin.

### School Addition

The school addition in Milan is progressing reasonably well. Though the project is 2-3 weeks behind schedule Milan appear to have a quality building in the making. The completion date of May 15th, except for landscaping and other minor adjustments, will most probably be met. In the late spring or early summer an Open House will be scheduled for the public to give them an opportunity to see the building.

Like most projects of this size Milan ran into some unexpected problems. The first was the remains of an old septic system and a 30 year old steel septic tank. In the end Milan had to replace the tank and deactivate the old field. To date all is well.

A second problem surfaced when Milan found it could not install a new 1,000 gal. fuel oil tank for the new addition. It appears it can not add a 2nd 1,000 gal. underground tank without meeting some strict EPA standards. To resolve the problem Milan has approved a new 6,000 gal. tank for both the existing building and the new addition. The new tank will not only provide Milan the capacity it needs but also allows it to benefit from 3,600 gal drops at an additional savings of 20 cents per gal. It also plans to add a fuel pump to provide fuel for its diesel busses for an additional savings. Diesel fuel will also be made available to Dummer for its new bus.

A third problem surfaced when Milan was told it would have to add a sprinkler system far more sophisticated than it had planned. This added an additional \$15,000 to the project that had not been planned.

For those who may be interested the project came in originally under budget. With the add-ons it remains within the budget and Milan has than adequate funds to bring the project to a successful completion.

#### Cooperative School District

##### Planning Committee

This year your school warrant will contain an article requesting the voters to create a Cooperative School District Planning Committee to study the feasibility of forming a cooperative school district. The study is projected to take 1 to 3 years to complete. When the committee has completed its work, public meetings will be held in each town. These public meetings will be followed by a ballot vote at one of your future Annual Meetings to accept or reject the recommendations of the Committee.

The formation of the Committee does not obligate the Dummer School District to participate in a Cooperative School, only to study the feasibility of participating in one. When all the facts are known, those facts will be made known to the people and they will decide.

Tuition Rates

	BERLIN			MILAN		
	<u>1990-91</u>	<u>1991-92</u>	<u>Inc.</u>	<u>1990-91</u>	<u>1991-92</u>	<u>Inc.</u>
Elem.	\$2,804.	\$3,251.	15.9%*	\$2,453.	\$2,496.	1.8%
Jr.High	\$2,973.	\$3,445.	15.9%*			
Sr.High	\$3,544.	\$4,648.	31.2%*			

\* Though the 1991-92 tuition rates show a sizeable increase they continue to be below the state average figures of \$4,048.00 for elementary, \$4,754.00 for the middle school and \$5,354.00 for the high school.

1991-92 Budget

The proposed 1991-92 budget on the net side shows an increase of \$1,140.00 or 7/10s of 1 percent over 1990-91. By far, this is one of the smallest increases in recent years in Dummer. The main contributing factor is the tuitioning of Dummer's children to Milan. Next year there will be a savings of approximately \$1,000 per child.

Included in the proposed 1991-92 budget is a new school bus. The present vehicle, a 1984 International, will be 7 years old and will have upwards of 100,000 miles by the completion of the current year.

Worthy of note in the 1991-92 budget is the loss of \$16,474.00 in Foundation Aid. This revenue loss, if continued, will have to be made up by local taxes.

School Warrant

The school warrant for 1991-92 carries two articles which should be brought to your attention. The first is Article 4 which would include Dummer in the upcoming Cooperative School District Study if each of the participating towns passes a similar article. Please make reference to the earlier section of my report.

The second article which needs your attention is Article 5. Article 5 provides for the purchase of a new school bus to replace the present 1984 International. In the past new busses have been purchased on or about 7 year intervals.

Summary

The business of a school district requires the efforts of many people. Often these people go unrecognized for what they do and often as not what they do goes unappreciated as well. Not least among these is your moderator, Norace Hawkins, who recently passed away. Norace has been our moderator for several years. His services will be missed.

Others who commit time and energy are your school board, your clerk, and your treasurer. My thanks go to all of them for their efforts on behalf of our children.

Respectfully submitted,

ROBERT BELLAVANCE  
Superintendent of Schools
